What does elect club offer?

Personal Introductions

The Elect brand is all about the personal touch and the cornerstone of its service are the personal introductions. Membership is by invitation or referral only and applicants are personally 'interviewed' by an elect club consultant to qualify them as a member and to help them define the attributes they are looking for.

How does the process work?

After joining, each member is allocated a personal consultant. Elect consultants are all from a professional background are trained according to elect club's unique matching strategy. They are also a fun bunch who love meeting new people and introducing you all! Members often become close friends with their consultants during the process which is another added bonus and also really helps with the matching process! When your consultant has selected a potential match, you will be able to view the member's profile, with photos and an objective description before agreeing to meet. We can organise the date, give you tips, advice, whatever you need, we are here to make the process as fun and enjoyable as possible!

What else?

Events

Elect events are great fun, creative, often with a theme or twist! You are guaranteed to have fun if you come ready to mingle and with a friendly smile! All events are personally hosted by elect club hosts and provide a readymade social calendar for single professionals in the city. They range from an intimate hand-picked dinner party for 12, through to larger parties organised in some of the most renowned and exclusive venues. Regular annual events are also held such as the Valentine's Masquerade Ball, Halloween Ball and New Year's party.

Who can attend these events?

To keep the crowd glamorous, fun and professional, all attendees must either be a member of the club, personally invited or submit an application form on our website, entering details, uploading a photograph and telling us a bit about themselves. If your application is approved you will be given a unique invitation code which will allow you to book the events you wish to attend, subject to availability of course!

Success rate?

90% of our members meet someone they have a relationship within 4 months of membership. 80% of our memberships come from

word of mouth referrals. Elect club has engagements, weddings and long-term relationships under its belt, not to mention all the other people it has brought together for friendships and even business relationships.

In Essence, the elect process and strategy works and you get to have fun in the process! 'It's all about bringing the right people together at the right time,' says Haley, Founder. See our website for the latest event listings.

So how did elect club come about?

Definition: *Elect*

1. the elect, a person or the persons chosen or worthy to be chosen.
2. Theology a person or persons chosen for favour or salvation

The club was founded in 2005 by Haley Hill at the time she was 27 and working as a clinical pharmacist. 'As a single professional in London, I worked hard and played hard. I didn't have any trouble meeting men but I found the whole process extremely hit and miss and very time consuming! I went to bars and clubs and felt that I was meeting the same type of people over and over again. I tried online dating and met some lovely people (and a few not so lovely!) but no one I really clicked with. I decided to set up a service that I (and my friends) would like bringing together a fun and fabulous group of intelligent and interesting single people, and that's how elect club was born.' Initially it was purely an introductions agency but as members found added value in getting to know each other as friends and for business networking it quickly developed and has grown into an exclusive social community. Aside from marriages and engagements, every day new friendships and business relationships are formed as well!

We would love to hear from you so get in touch today and be your own success story!
